Dakota Ridge Baseball proudly presents its annual baseball skills and drills camp featuring coaches from Cal State University Pomona, Riverside College, College of Southern Nevada, UNLV and some of the best high school coaches from Colorado and Las Vegas. This is an opportunity for Dakota Ridge to give back to its surrounding communities. This camp is a great way to enhance the development of young athletes and to expose Colorado high school baseball players to college coaches and their playing philosophies.

This will be one of the best clinics in the state to help prepare the player on what to work on during the summer. The primary goal is to create the opportunity for ball players of all ages to receive quality skill and game instruction for all areas of the game. With a very low Camper-to-Coach ratio, campers are able to receive personalized instruction focused on skill development and a positive mental approach to the game of baseball. Skill-specific drills coupled with mini-game experience enables campers to put it all together and raise their level of performance. We teach that "You are only as strong as your weakest link" and provide that knowledge for the Camper to work on for the year ahead.

## EARLY EXTRA-WORK SESSIONS

This is a great way for a player to get extra work, with a specific coach or at a specific position. This is available for 60 minutes prior to each day of Camp on Tuesday and Wednesday for all sessions. Instruction is available for hitting, pitching, catching, infield and outfield play. Fee for all extra-work sessions is \$20 per day. There are no discounts for early work sessions. Please indicate on your application your desire to participate.
